## SPIRITED DEBATE OVER PLAY PLACE

Whether or Not Petworth Shall Have One Discussed Before Education Board.

DECISION IS IN FAVOR OF OPENING GROUNDS

Objections Made to Transfer of Pupils From Fillmore Building. Changes in Schools.

A spirited debate as to whether a school playground should or should not be pened at Petworth School, Georgia avenue and Shepherd street, was participated in by residents of that vicinity at the meeting of the board of education yesterday afternoon at the Franklin build-ing. Before the two delegations-one for and one against—were dismissed by the board it appeared that a little neighborhood row was about to be aired. And after the residents had gone out in groups of three, four and five, still arguing their cases, the board considered the matter briefly and decided that the Petworth School should have a playground this year.

Some members of the board were undecided for a while as to what action

should be taken.
"I believe if we were to do away with
the Petworth School playground the people in the vicinity of every school playground in the District would come here
to file a protest against the playground
near them." said President Henry P.
Blair. Following which the board decided unanimously to keep the playground

#### Objections Enumerated.

Those from Petworth who wanted the playground closed declared that the ournose—that at present the school had to hold seven recesses in order to accomodate all the children. Also, it was pointed out that the grounds were withpointed out that the grounds were without shade and were covered with cut
stone, which was bad for the children to
play on. Several of the speakers, including W. H. Parsons, W. L. Gutellus,
R. E. Adams and Mrs. John A. Holmes,
urged that Libby Park could be used as
a playground. It is a recreation center
now, it was said, and many people slept
there in tents. now, it was said, and many people slept there in tents.

This was protested by Mrs. Samuel

Mooers, who declared that the park could not be used as a playground. "There have been doings in the park so serious that we had to call a meeting of parents. I know, because I was one of the parents at the meeting," declared

Mrs. Mooers.

Mrs. William R. Loney, who also favored the playground at the school, declared that "those parents who do not wish their children to use the playground no doubt will keep them from it."
In the course of her remarks Mrs
Loney was questioned by one of the opposing ones as to what she knew about onditions in Petworth. "I do not live in Petworth, but near

it." she said.
"Well, my dining room window looks right into the yard of the school." said the questioner, Mrs. C. L. Leadingham. Mrs. Loney declared that a number of persons near the school were in favor of the playground. "Only one," came a chorus of protesting voices that drowned every other sound in the room for a moment.

### Exceptions to Transfers.

People of Petworth were not the only vesterday, however, for the parents of children of the Fillmore School, who children of the Fillmore School, who In the afternoon he did not do so well were recently transferred to other He took thirty-seven strokes for the first

Objections Voiced by Mr. Eckloff. James E. Eckloff, who opened the case

for the parents, declared: "We are not a party of grumblers in the Home and School Association which I represent, but Helen Taylor and musical selections by have the best interests of the school at Anna Hauser and Wilson Lee Hoff, all heart. The children of the Fillmore School are mostly small ones, who must school songs were also given by the have some one accompany them to school class. or stay home. The long trip which they have to make now tires them. "At least 150 of the Western pupils who

"At least 150 of the Western pupils who now use the building have to ride to the building, so it would be no more difficult for them to ride to another school. R street is one-half a mile from the Curtis and at least 100 children of the Fillmore live on the north side of that street. Some of them live a half mile on the other side of R street, so that these have a total of a mile to walk."

President Blair said that if the Hyde, Curtis or Addison were used for the Western pupils the pupils transferred to other buildings would experience the same difficulties the Fillmore children were having.

same difficulties the Fillmore children were having.

Mrs. Carl Stodder, another parent, declared, however, that inasmuch as these three schools were grouped closely together, the children of one might be distributed between the other two without any serious inconvenience. "It would be practically transferring the children next door." said Mrs. Stodder.

Other speakers were G. N. Wilmeth, J. J. Arnaud and Mrs. H. F. Kunkel.

### Affects Woman Teachers.

An amendment regarding the appoint ment of married women as teachers in the schools was held over for fuller con-sideration. The amendment suggested rovided that if a teacher in the school marries-and she automatically resigns when she does so-that she should not be allowed to be reappointed until one year from the date of her marriage. It provided also that a husband and wife may not be teachers at one and the same

"I think that is foolishness," declared drs. Susie Root Rhodes.

June 22 to Aug. 15

Garden City Golfer and Wheaton Expert Do Thirty-Six Holes in 153 Strokes.

WILMINGTON, Del., June 19.-Walter . Travis of Garden City and D. C. Sawyer Wheaton tied for the low score in the qualifying round of the invitation tournament of the Wilmington Country Club, here yesterday, with 153 strokes

Sawyer played his best golf in the morning round and Travis his best in teachers. the afternoon. Going out in the first editors, fa round. Sawyer took thirty-six strokes for the first nine holes and thirty-seven for the second nine, giving him a total of 73, the best score made during the day for eighteen holes.

were recently transferred to other buildings to make room for the pupils of Western High School, were also present to register a protest, it was declared by the speakers that a large number of the children who had been transferred from the Fillmore were very small and that may of them now had to walk more than half a mile to the nearest school, while others were forced to travel one mile.

Unless it is found possible to accommodate the young children in the Fillmore School many parents will be forced to move to a new neighborhood in order toget nearer to a school, or will keep their children out of school next winter, it was declared. The matter was left in the hands of Supt. Ernest L. Thurston, with power to act. President Blair, on behalf of the board, promised that all that is possible should be done, but that he could give no assurance as to whether some better arrangement could be made.

Objections Voiced by Mr. Eckloft.

was the title of a playlet given by the children of the second grade of the Thomson School Wednesday, marking the completion of the school year. The playlet was followed by a recitation by of the second grade. Folk dances and

The children taking part in the play were appropriately costumed. The en-tertainment was given under the direc-tion of the teacher, Miss Ednah F. Robinson.

stitute, Lexington, Va.

A thorough investigation by a com mittee of the Senate of all the circum stances surrounding the acquisition of the Panama Canal Zone by the United States may be urged by Senate democrats before any attempt is made to put the Colombian treaty through that body It is said that administration leaders in the Senate look with favor upon such a plan, believing that if all the facts in the case were brought out popular favo would swing to the proposed treaty with Colombia, granting that nation \$25,000,000. and expressing the regret of the United States that anything should have occurred to cause strained relations between the two countries.

If such an investigation were held,
Col. Roosevelt, William Nelson-Cromwell
and other persons having knowledge of
the facts in the case would be called
before the committee.
The foreign relations committee of the
Senate is ready to continue with its
investigation of the relations between
the Nicaraguan government and American bankers interested in that country,
and the part the American State Department may have played in Nicaraguan
affairs. Charles A, Douglas, attorney for
the Nicaraguan government, is expected to appear again before the committee
Monday.

the Nicaraguan government, is expected to appear again before the committee Monday.

Own Most of Railroad Stock.

While Secretary Bryan and Mr. Douglas were before the committee yesterday Mr. Bryan said that American bankers own 51 per cent of the stock of the Nicaraguan railway and that the other 49 per cent was hypothecated for \$1,000,000 to the same bankers, and is now in danger of being sold under foreclosure proceedings. He said part of the \$5,000,000, which the United States would pay Nicaragua might be used to prevent pay Nicaragus might be used to prevent such foreclosure, and allow Nicaragua t retain a large interest in her railroad, Mr. Bryan also said that the same bankers control 51 per cent of the stock of the Nicaraguan National Bank. There has been some talk in the com-

There has been some talk in the committee about requesting interested bankers to appear and give their story of their Nicaraguan operations, but so far this has not taken definite shape.

Senator Smith of Michigan, a member of the committee who already has proposed an investigation of this matter, last night issued a statement declaring that the pay roll of the Nicaragua government is filled with Americans and intimating that political intrigue by banking interests has figured in putting the present Nicaraguan government in power.

### Not to Be Spent on Military.

The Colombian treaty was made public last night by the Senate, and the corespondence which preceded it probably will be published later. Reports that the \$25,000,000 to be given Colombia under the treaty might be largely spent in enormous fees and in strengthening the country's military establishment, brought a denial from Senor Betancourt, the Co-lombian minister.

California alien land law protest be "The minister declares," said a state-ment issued from the legation. "that the sum to be paid by the United States to character had come to him. Armour's

against icebergs which may cross the paths frequented by steamers between as the United States and Europe. As soon as the danger of icebergs has passed the two cutters will search for derelicts which imperii shipping.

One of the cutters will make its headquarters somewhere in the Azores and confine its duty to the European end of the transatiantic routes. The other are detailed as professors of military Distinguished colleges—University of California, Berkeley, Cal.; Cornell University, Ithaca, N. Y.; University of Illiniois, Urbana, Ill.; Kansas State Agricultural College, Manhattan, Kan.; University of Minnesota, Minneapolis, Minn.; University of Missouri, Columbia, Mo.; Norwich University, Northfield, Vt.; the Citadel, Charleston, S. C. A. W.; the columbia of the transatiantic routes. The cher will make its headquarters either in Newfoundland or Nova Scotia and limit its efforts to the American end of the well traveled courses. All leading countries where the course of their coasts free from obstructions, but this will be the first time an effort has been made by international cooperation to clear the high seas of derelicts.

#### Powers to Bear Expense.

Citadel, Charleston, S. C.; Agricultural and Mechanical College of Texas, College Although the United States has been Station, Tex., and Virginia Military Inauthorized to maintain this derelict powers which participated in the inter national maritime conference and signed national maritime conference and signed the treaty growing out of that conference. The treaty will not be effective until July 1, 1915, but by common consent the patrol is to be established this year and the interested nations selected the United States to take charge of it. England will bear 30 per cent of the expense of the patrol, France, Germany and the United States each 15 per cent and the balance will be apportioned among powers with fewer ships in the among powers with fewer ships in the north Atlantic. improvement in the work of their military departments during the past year:
Universities and colleges—University of Arizona, Tucson, Ariz.; University of Arkansas, Fayetteville, Ark.; Clemson Agricultural College, Clemson College, S. C.; Georgia Military College, Milledgeville, Ga.; North Georgia Agricultural College, Dahlonega, Ga.; State University of Iowa, Iowa City, Iowa; State University, Lexington, Ky.; Maryland Agricultural College, College Park, Md.; University of Nevada, Reno, Nev.; Oklahoma Agricultural College, Stillwater, Okla.; St. John's College, Annapolis, Md.; University of Vermont and State Agricultural College, Burlington, Vt.; University of Vermont and State Agricultural College, Burlington, Seattle, Wash.; State College of Washington, Pullman, Wash. A majority of the derelicts in the north

Atlantic are carried from the shores of the United States by the gulf stream and other currents toward Europe and deflected south by currents off the European coast. It is impossible for wrecks off the European coast to make their way to the United States. Consequently, a cutter with headquarters in Nova Scotia or Newfoundiand will be able to destroy wrecks which the gulf stream is carrying toward Europe and another cutter in the Azores can intercept southward-bound wrecks which escape the Nova Scotian outlook or originate off the European coast.

The two cutters will use gun cotton to demolish derelicts. They are equipped with wireless, and through other vessels similarly equipped will keep posted as to the location of obstructions to navigation.
